

Yet another feather in our cap!!!

Once again we have proved our mettle to the world...this time it took us less than a year to do so!

ANDA, one of our customers in the United States has honoured us with the 'Supplier of the Year 2016' Award. It has come to us in less than 12 months of shipping to the United States, and this makes the achievement all the more special.

This only goes to show our dedication and perseverance to serve our customers, and we dedicate this award to the efforts of every Alembian.

Great job done!
